AMENDMENT

In response to the office action mailed 12/13/04, please amend the above-identified application as follows:

IN THE CLAIMS

1. (Amended ) A protective animal collar assembly comprising:

- a) A single hollow, hemispherical member having equatorial and polar regions and an irregular opening therein extending from said polar region to near proximity with said equatorial region;
- b) a conical ring member having a minor diameter equivalent to that of said hemispherical member removably attached to said hemispherical member at said equatorial region;
